Rev. A. A. Phelps }
Boston }

41

Dear Bro. P,

I have understood that during the anniversary week in Boston it was expected that there would be, probably, a meeting of ministers to take into consideration the subject which is dividing the ~~and~~ community relative to our Missionary Boards. The Rev. A. Tinker, formerly a missionary of the A. B. at the Sandwich Islands, will probably be in Boston during next week, or a part of it, and would, I think, be willing to give his views upon such a subject, which would, I doubt not, be interesting & valuable. I hope there will be such a meeting, and that Mr. Tinker may be invited to be present at the deliberations. If need be, will you not forward both objects, for the sake of disseminating light?

Very truly yrs

Tho. Lapon
